Intermodal

Our operations support over 50 jobs in the state and add \$7.8M to Alabama's GDP*

In addition to access to the Port of Mobile, CN's network connects to our CargoFlo® bulk handling as well as metals and minerals distribution facilities in Mobile, which handle petroleum products from Western Canada and coal from the U.S. Midwest.

CN's strategic connection to the Port of Mobile on the Gulf Coast provides capacity and fluidity in connecting the U.S. Midwest with markets overseas. CN's daily trains between key markets such as Chicago, Detroit and Memphis provide viable options for congested supply chains.

Network Investments

Over the past decade, CN has invested about US\$15 million to build and maintain a safe and efficient network in Alabama and to support our supply chain partners. The program focused on the replacement of rail and ties, as well as maintenance of bridges, crossings, culverts, signal systems and other track infrastructure.

Community Investments

In 2025, CN contributed to several Alabama-based organizations, including:

PROGRESSIVE AGRICULTURE FOUNDATION CN supported the Progressive Agriculture Foundation through a corporate donation, helping deliver Safety Day programming that provides essential agricultural safety education while fostering youth leadership and strengthening rural communities.
