Our operations support over 1,600 jobs in the state and add \$251M to Indiana's GDP*

CN's main line from the Detroit area to our primary U.S. hub in Chicago passes through the northwest corner of Indiana. While the number of route miles CN operates in Indiana is relatively small, the impact of the state could not be more significant. Gary is home to Kirk Yard.

Network Investments

Over the past decade, CN has invested about US\$230 million to build and maintain a safe and efficient network in Indiana and to support our supply chain partners. The program focused on upgrades to Kirk Yard, the replacement of rail and ties, plus maintenance of bridges, crossings, culverts, signal systems, and other track infrastructure.

CN colleagues and the Mishawaka Police Department working together to promote rail safety in the community during Rail Safety Week.

Community Investments

In 2025, CN contributed to several Indiana-based organizations, including:

MAAC FOUNDATION CN supported the MAAC Foundation's First Responder Appreciation Day, recognizing the skills, training, and dedication of first responders while supporting initiatives that promote their mental health, resilience, and well-being across the Chicagoland and Northwest Indiana region.

CITY LIFE CENTER CN partnered with City Life Center, which equips families in Northwest Indiana with resources that strengthen their social, economic, and spiritual well-being.

GRIFFITH POLICE DEPARTMENT Support from CN helped enhance community safety in Griffith through the installation of a street camera network to improve incident response.

SOUTH BEND POLICE DEPARTMENT CN contributed to the South Bend Police Department's drone unit, helping enhance aerial capabilities for law enforcement operations and emergency response.

STATE OF INDIANA CN supported the Indiana Law Enforcement UAV Specialty Program, helping expand training and technology for the safe and effective use of unmanned aerial systems in public safety operations.
