Our operations support over 140 jobs in the state and add \$23M to Kentucky's GDP*

CN has two main line corridors running through the western tip of Kentucky, linking CN's network in Illinois to Tennessee and points south to the Gulf Coast. Amtrak's *City of New Orleans* passenger rail service operates on CN tracks and stops in Fulton, where CN also owns and operates a railyard.

Network Investments

Over the past decade, CN has invested about US\$110 million to build and maintain a safe and efficient network in Kentucky and to support our supply chain partners. The program focused on the replacement of rail and ties, as well as maintenance of bridges, crossings, culverts, signal systems and other track infrastructure.

Community Investments

In 2025, CN contributed to several Kentucky-based organizations, including:

FEEDING AMERICA KENTUCKY'S HEARTLAND CN supported Feeding America Kentucky's Heartland, helping provide nutritious food to seniors, families, and children through a network of more than 280 partners across 42 counties, addressing food insecurity and improving community health.

UNITED WAY OF WESTERN KENTUCKY CN contributed to the United Way of Western Kentucky through a corporate donation that helps fund programs focused on improving education, income stability, and health outcomes for communities across the region.
