Our operations support over 1,800 jobs in the state and add \$299M to Mississippi's GDP*

CN's network crisscrosses Mississippi, with a rail yard in Jackson serving as a hub for petroleum headed to the western part of the Magnolia State, coal moving east to Alabama, grain shipping south to the Gulf Coast for export, and chemical products headed north to the Midwest. Intermodal products destined throughout North America are handled through our intermodal terminal in Jackson, where more than 350 CN railroaders live and work. Amtrak's *City of New Orleans* service stops in Jackson at CN's rail yard. CN also has an automotive distribution facility serving the Nissan assembly plant in Canton.

Network Investments

Over the past decade, CN has invested more than US\$735 million to build and maintain a safe and efficient network in Mississippi and to support our supply chain partners. The program focused on the replacement of rail and ties, as well as maintenance of bridges, crossings, culverts, signal systems and other track infrastructure.

Community Investments

In 2025, CN contributed to several Mississippi-based organizations, including:

FERNWOOD VOLUNTEER FIRE DEPARTMENT Support from CN helped equip the Fernwood Volunteer Fire Department with funding for in-vehicle radios, improving communication with central dispatch and strengthening emergency response capabilities.

THE SOCIETY OF ST. ANDREW CN helped advance The Society of St. Andrew's Food for Everyone program, which brings communities together to harvest and distribute healthy food, reduce food waste, and provide nourishment to neighbors facing hunger.
