Our operations support over 170 jobs in the state and add \$26M to Ohio's GDP*

CN's track extends to a yard in Toledo for interchange with eastern railroads. With a focus on local interests and the ability to link industries, extending our reach and providing flexibility, we count on our subsidiaries, the Bessemer and Lake Erie Railroad (BLE) and Grand Trunk Western Railroad (GTW), to help us deliver in Ohio. The BLE connects at Conneaut docks.

Network Investments

Over the past decade, CN has invested about US\$40 million to build and maintain a safe and efficient network in Ohio and to support our supply chain partners. The program focused on maintenance of Great Lakes Fleet vessels, the replacement of rail and ties, plus maintenance of bridges, crossings, culverts, signal systems, and other track infrastructure.

Congresswoman Marcy Kaptur of Ohio's Ninth Congressional District (center) toured Lang Yard in Toledo to observe how CN collaborates with local communities on safety and training.

Community Investments

In 2025, CN contributed to several Ohio-based organizations, including:

EQUALITY TOLEDO Support from CN helped Equality Toledo's Community Pantry, helping provide barrier-free access to food for young people and families experiencing food insecurity in the Toledo area.

TOLEDO SCIENCE CENTER CN helped advance Girl Power programming at Imagination Station, encouraging girls to explore science, technology, engineering, and math through hands-on learning experiences.

AMERICA IN BLOOM Through CN's EcoConnexions *From the Ground Up* program, CN supported America in Bloom to promote community beautification and environmental stewardship by planting trees, shrubs, and plants along the CN network. In 2025, the partnership planted 608 trees, contributing to more than 76,000 plantings since 2014.
