TOP THREE COMMODITIES

Sand

Coal

Forest Products

Our operations support over 3,500 jobs in the state and add \$561M to Wisconsin's GDP*

CN serves many local frac sand, forest product and general merchandise customers in Wisconsin, most notably from Milwaukee and Green Bay on Lake Michigan. We also have intermodal terminals in Chippewa Falls and Arcadia. Our two biggest rail facilities in the Badger State are classification yards in Stevens Point and North Fond du Lac. Stevens Point is the heart of CN's North Division and a key location on CN's main line between the U.S.–Canada border and Chicago, IL.

Ribbon Cutting in Howard, WI through CN's partnership with America in Bloom.

Network Investments

Over the past decade, CN has invested about US\$1.3 billion to build and maintain a safe and efficient network in Wisconsin and to support our supply chain partners. The program focused on network upgrades, the replacement of rail and ties, plus maintenance of Great Lakes Fleet vessels, bridges, crossings, culverts, signal systems, and other track infrastructure.

Community Investments

In 2025, CN contributed to several Wisconsin-based organizations, including:

THE SHARING CENTER Support from CN helped strengthen the Rural Nutrition Program, helping low-income residents in rural Kenosha County access essential services, including an emergency food pantry, employment support, child nutrition programs, and advocacy services.

SOLUTIONS CENTER SHELTER & SUPPORT CN helped advance the Mental Health Navigation program, a free and confidential service that helps residents in Portage and Waupaca counties access mental health care, connect with local resources, and overcome barriers to wellness.

MUNICIPAL FIRE DEPARTMENTS CN donated to municipal departments in Oconto Falls, Clintonville, Remington, Sheldon, and Auburndale to help upgrade firefighting and emergency response equipment, strengthening local emergency preparedness.
